

Sacred Heart School

Social Studies Pre-Kindergarten

Julie Sparks
sparksj@sacredheartgroton.org

The Social Studies program is designed to introduce the students to the world around them, including family, friends, school and the community. Holidays, customs and traditions of families will be discussed to help the students understand the importance of these events and encourage the students to embrace the uniqueness and diversity of the world around them.

Course Content:

- Social groups
- Occupations
- Community

Objectives:

The student will:

- participate in dramatic play/ role play different occupations
- Develop social skills through making friends and cooperative play.
- Begin to understand the importance of good choices.
- Identify the members of their family
- Learn about major holidays we celebrate
- Share family traditions during discussions
- Learn about different job people in the community do such as firefighters, and police officers.
- Practice being good classroom/school community members through cooperative play and participation in school activities.
- Meet with Fourth grade book buddies each month for stories and activities.

Course Materials:
